

EXPERT HP 10W-60

PRODUCT DESCRIPTION

Vertex Expert HP 10W-60 is a high performance full synthetic lubricant for vehicles operating under extreme conditions such as extreme motorsports and vehicles fitted with high performance engines. Vertex Expert HP 10W-60 is manufactured with full synthetic high viscosity base oils and advanced viscosity modifiers, offering superior protection under the most arduous conditions. Advanced additives provide excellent thermal stability at high operating temperatures whilst ensuring outstanding cold engine starting.

APPLICATIONS & BENEFITS

- Vertex Expert HP 10W60 can be used in automotive gasoline and diesel engines where the manufacturer recommends an ACEA A3/B4, API SN/CF, or earlier specification where an SAE 10W-50 or 10W-60 lubricant is specified.
- Fully synthetic ester formula for passenger cars and performance vehicles.
- High performance European vehicles (M Sport, AMG, Abarth etc).
- Motorsport and severe road use applications.
- Delivers and sustains maximum horsepower for longer, even when under extreme load.
- Protects short- and long-term engine performance.
- Helps to sustain maximum protection under a variety of driving conditions, speeds, and temperatures.
- Reduces engine deposits to help maximise engine efficiency.
- Excellent wear protection and friction reduction across a wide range of operating conditions.
- Superior high temperature stability and oxidation resistance increases lubrication of hot metal parts compared to other synthetics.
- High natural viscosity index (VI) provides thicker oil film in bearings and cams.
- Less evaporation than other synthetics for improved efficiency and ring seal.
- Completely compatible with other conventional and synthetic motor oils.

PACK SIZES AVAILABLE

1L - 5L - 20L - 60L - 200L - 1000L IBC

SPECIFICATIONS

- API SN/CF
- ACEA A3/B4
- MB 229.1
- FIAT 9.55535-H3

TYPICAL CHARACTERISTICS

EXPERT HP 10W-60	UNITS	VALUES
VISCOSITY	cSt @ 40°C	170
	cSt @ 100°C	25.9
VISCOSITY INDEX		187
POUR POINT	°C	-45
cP	@ 150°C	5.8

ADDITIONAL INFORMATION

Designed for New Zealand Conditions | Manufactured from virgin base stocks. For more technical information please contact Vertex Lubricants NZ Technical Dept. +64 9 640 0004. Sheet updated 27 June 2023.
