

ROCK DRILL 150

PRODUCT DESCRIPTION

Vertex Rock Drill 150 oil is a blend of highly refined base oils and special additives which produce a superior lubricant for air powered equipment. The naturally high viscosity index provides optimum lubrication for both low start-up temperatures and optimal performance during high operational temperatures. Extreme pressure additives prevent wear and withstand the high loads commonly encountered in rock drills, jackhammers, and other pneumatic equipment.

APPLICATIONS & BENEFITS

- Vertex Rock Drill 150 is suitable for use in heavy duty pneumatic equipment operating under extreme conditions.
- Extreme pressure additives extend equipment life.
- Suitable for use in a wide range of temperatures.

PACK SIZES AVAILABLE
