ADDITIONAL INFORMATION

Directions for use

Apply Vertex Brake Clean Extra Strength generously on surface to be cleaned. Ensure an even wetting of the surface then allow product to drip dry as it is a residue free formulation. If there is a high degree of contamination repeat the procedure. Protect rubber brake parts and painted surfaces from overspray.

Designed for New Zealand Conditions | Manufactured from virgin base stocks. For more technical information please contact Vertex Lubricants NZ Technical Dept. +64 9 640 0004. Sheet updated 17 July 2023.
