

VERTEX LITHIUM SPRAY GREASE**PRODUCT DESCRIPTION**

Vertex Lithium Spray Grease is a multi-purpose white lithium complex grease for use in heavy duty industrial applications. Vertex Lithium Spray Grease reduces friction and wear providing superior performance in all weather conditions. Advanced formulation protects against moisture and corrosion and has a high drop point of (280°C). The product is formulated with a high polymer treatment level, extending the product's versatility in multi-purpose applications.

APPLICATIONS & BENEFITS

- Vertex Lithium Spray Grease versatility also makes this lubricant cost effective by reducing or eliminating the inventory of speciality grease.
- Vertex Lithium Spray Grease gives superior performance in any weather or temperature, due to the rust inhibitors which provide durable lubrication.
- Vertex Lithium Spray Grease provides long lasting lubricant engineered with excellent water and heat resistance and anti-corrosion protection.
- Vertex Lithium Spray Grease does not run or drip and is suitable for vertical surfaces, being white in colour allows easy visual checking.

PACK SIZES AVAILABLE

500 ml Aerosol

TECHNICAL INFORMATION

Appearance	Opaque off-white, viscous grease
Texture	Tacky
Thickener	Polymer fortified lithium complex
Water Resistance	Excellent
Heat Resistance	Excellent
NLGI Grade	2
Penetration Index, 1/10 mm at 25°C	275
Dropping Point, °C	280
Kinematic Viscosity, cSt at 40°C	144
Viscosity Index	53
Flash Point, °C	< 0
Propellant	Hydrocarbon

Designed for New Zealand Conditions | Manufactured from virgin base stocks. For more technical information please contact Vertex Lubricants NZ Technical Dept. +64 9 640 0004. Sheet updated 18 August 2023.
