

### MULTI ENVIRO LUBE

#### PRODUCT DESCRIPTION

Vertex Multi Enviro Lube is a versatile, eco-friendly product designed for cleaning, penetrating, and lubricating various surfaces. Approvable against MPI C12 standards, this powerful formula effectively combats rust and corrosion, displaces water, and removes dirt and scale.

#### APPLICATIONS & BENEFITS

- Safely expels moisture from electrical and ignition systems, enabling wet engines to start.
- Helps prevent electrical shorts due to moisture.
- Loosens rusted parts, restoring their functionality.
- Silences annoying squeaks and creaks.
- Leaves a thin, protective film that guards against humidity and other corrosive environments.
- Facilitates easy repairs without the need for disassembly.
- Suitable for use on all metals and alloys.

#### PACK SIZES AVAILABLE

500 ml Aerosol - 20L - 200L

#### INSTRUCTIONS FOR USE

Surfaces to be treated should be clean, dry and contaminant free. For cleaning heavily soiled surfaces, use Vertex Brake Clean. For aerosol application, shake can thoroughly before use and spray on the surface and allow time to penetrate. Bulk product can be applied via refillable spray bottle or paint brush.

#### ADDITIONAL INFORMATION

Designed for New Zealand Conditions | Manufactured from virgin base stocks. For more technical information please contact Vertex Lubricants NZ Technical Dept. +64 9 640 0004. Sheet updated 25 July 2024.
