

### Mineral Sponge

#### PRODUCT DESCRIPTION

Vertex Mineral Sponge is a completely organic product for the clean-up of oil and chemical spills. Manufactured from specifically sized Zeolite granules for the ultimate in hardworking performance.

#### APPLICATIONS & BENEFITS

- Very long lasting.
- 100 % Organic.
- Non-toxic.
- Absorbs over 75% of its own weight in liquid.
- Can be used for liquids, solids, and vapours.
- Made in NZ.
- Unlike other products, absorption is achieved via a combination of chemically and physical properties of the product – increasing efficiency of unwanted compound absorption.
- Safe to use around machinery as it contains no quartz and is a non-abrasive compound.

#### PACK SIZES AVAILABLE

14 KG - 25 KG

#### SPECIFICATIONS

- NZFSA C12
- NZFSA C21

#### ADDITIONAL INFORMATION

##### Directions for use

1. Spread around the outside of the spill to form a barrier. This will stop the spill from spreading.
2. Sprinkle generously over the spill. Allow to absorb.
3. To expedite the absorption, broom the mineral sponge into the spill.
4. Dispose of in accordance with local authority regulations.

Designed for New Zealand Conditions | Manufactured from virgin base stocks. For more technical information please contact Vertex Lubricants NZ Technical Dept. +64 9 640 0004. Sheet updated 17 July 2023.
