

7N1 MULTI LUBE HD

PRODUCT DESCRIPTION

Vertex 7N1 Multi Lube HD is a heavy-duty multi-purpose penetrating and lubricating product. The product has superior water displacing properties, protecting all ferrous materials from rust and seizure. Vertex 7N1 Multi Lube HD is a low viscosity agent able to penetrate areas of tight tolerances, effectively freeing seized tools, and parts. Vertex 7N1 Multi Lube HD lubricates moving parts such as chains and bearings and protects car and truck battery terminals from corrosion. The product can also be used as a degreaser. Rapid solvent propellant evaporation leaves behind a long-lasting protective water repellent lubricating film. Vertex 7N1 Multi Lube HD can be used as a cleaning agent on all metal surfaces and produces a mirror shine when applied to metal surfaces such as brass prior to buffing. The product is supplied in 500 ml Aerosol for easy stow away in the car glove box for unexpected emergencies and 20 Litre bulk supply for workshops and engineering plants.

APPLICATIONS & BENEFITS

- Lubricates all types of metal parts.
- Lubricates moving parts like chains and bearings.
- Protects car and truck battery terminals from corrosion.
- Cleans rust and grime from tools and machinery.
- Can also be used as a degreaser.
- Superior water displacing properties.
- Can be used as an assembly lubrication for metal parts disassembly.
- Protection of metal-on-metal surfaces.
- Protective film offers excellent corrosion protection.
- A liquid version of a “multi tool”.
- Vertex Multi Lube 7N1 HD contains a patented extra high dosage formulation, providing unsurpassed penetrating ability and best in class protection to all moving parts.
- Lubricates and restores smooth action to tools.
- Displaces moisture out of all electrical and ignition systems and makes it possible to start wet engines.
- Loosens rusted parts and cleans away scale and dirt.
- Restores rusted parts and tools to full working condition (where the part in question has not rusted beyond repair).
- Stops annoying squeaks – excellent for door hinges.
- Leaves a thin film that protects metals from corrosion induced by humidity and other corrosive elements.
- Easy repair by eliminating the need for disassembly.
- Safe for all metals and alloys.
- For low toxicity requirements please use Vertex Multi Enviro Lube.
- Vertex Multi Lube 7N1 HD penetrates quickly, even into the finest pores and cracks of the surface.

PACK SIZES AVAILABLE

500 ml Aerosol – 20 Litre bulk container

TYPICAL CHARACTERISTICS

MULTI LUBE 7N1 HD	MEASUREMENTS	VALUES
COLOUR	visual	Clear to Amber Liquid
ODOUR	-	Characteristic
SOLUBILITY IN WATER	(g/L)	Negligible
FILM TYPE		Oily / Non-Drying

ADDITIONAL INFORMATION

Directions for Use

Hold can (or spray bottle) 15-20 cm away from surface and spray liberally. For optimum penetration, leave to soak in before use. Wipe away excess fluid with clean cloth. Always test painted surfaces before using for cleaning.

Designed for New Zealand Conditions | Manufactured from virgin base stocks. For more technical information please contact Vertex Lubricants NZ Technical Dept. +64 9 640 0004. Sheet updated 27 June 2023.
