

SOLVENT DEGREASER

PRODUCT DESCRIPTION

Vertex Solvent Degreaser is a heavy duty, emulsifiable solvent based degreaser. Vertex Solvent Degreaser is primarily used for the degreasing of workshop floors, machinery, and equipment. The product is efficient at degreasing and removing heavy oils and greases off parts and hoses and cleaning oil spots off concrete floors, paths, and driveways.

APPLICATIONS & BENEFITS

- Suitable for degreasing workshop floors, machinery, and equipment.
- Degreasing and removing heavy oils and greases off parts and hoses.
- Cleaning oil spots off concrete floors, paths, and driveways.
- Vertex Solvent Degreaser is an effective cleaner for degreasing and removing heavy oils and greases. Formulated for use in industry where heavy-duty degreasing is required.
- Vertex Solvent Degreaser is an effective degreasing product to remove grease and oil from engines and machines.
- Vertex Solvent Degreaser cleans tar and asphalt from painted surfaces without harming the finish. Its slow evaporation rate allows longer working time without reapplication.

PACK SIZES AVAILABLE

500 ml Aerosol - 20L Pail - 200L Drum - 1000L IBC

ADDITIONAL INFORMATION

Directions for use

Spray or Brush: Apply liberally to the surface. Scrub in well and/or allow to stand for approx. 5 minutes. Rinse off thoroughly with a strong jet of water. **Immersion Soak Tank:** Place article to be cleaned into solution and allow to soak for 15-30 minutes. Remove and rinse well with a strong jet of water. **Concrete Cleaning:** Apply liberally to surface and scrub in well with a stiff brush or broom. Allow to stand for 5 minutes and rinse off with a strong jet of water.
