About Us

NZ OWNED & OPERATED

We are market leaders through innovation, service, diverse/high quality ranges and a skilled staff passionate about the industry they work in. We believe our enthusiasm is one of the things that sets us apart from other oil companies and surpass what's on offer from oil distributors. With rigorous R & D, and investment in our business and our people, we have developed into a truly professional oil company. We pride ourselves in our understanding of our given markets. This includes not just our customer base, but industry categories as a whole.

WHAT WE DO

At Lubricants NZ, we've curated a skill set that's the envy of the industry. We provide the most complete product offering for the market. Our combination of expertise & solutions focus means less fuss, increased service & your satisfaction. We specialise in the supply and delivery of oils, grease, coolant, chemicals and AdBlue.

SERVICE

We have a dedicated customer services team in each of our regions, along with territory managers in the field. At Lubricants NZ, we've found communication creates success. Working with us, you'll receive a sensitivity toward your commercial needs and an open door approach designed to resolve issues.

OUR RANGE

The Vertex Consumables range is centred on technical excellence, innovation and market understanding. Our vision is to not only meet, but exceed the markets needs and expectations. We provide complete value and quality in the broadest and most complete Range.

From degreasers, cleaners, process fluids, multi purpose lubes, parts wash, vehicle and fleet wash, brake cleaners, ground and log marking paints, and various other products we have an incomparable product offering.

The Vertex Consumables range is manufactured from market leading base products. Whether you require a general purpose chemical or a specific product for your pride and joy, no matter the application, we have a solution.

From Automotive, Mining, Agriculture, Transport, Commercial, Shipping, Industrial Manufacturing to Railways Applications, the Vertex brand has been tried and proven in the most demanding environments.

We specialise and provide you the partnership you deserve. For a first class product with a range second to none, Vertex is the smart choice.

Brake Clean Extra Strength

A highly effective heavy duty cleaner and degreaser used to penetrate and dissolve build ups caused by grease, grime, dirt, oil, fats and tar on tools, parts and equipment. Vertex Brake Clean Extra Strength is an effective evaporating cleaner on clutches, brakes, chainsaw, chains, cables, wires, motors, concrete driveways, mowers, tractors, forklifts, industrial machinery and trade tools.

Suitable for:

Removing oils, grease, brake fluids, tar, adhesives, dirt and moisture from industrial and mechanical equipment. Cleans and degreases brakes, clutches, disc brakes and calipers without disassembly. Always test painted surfaces before use.

Product Code	Pack Size	Product Features
VSBC/C12A06L	600ml	<ul style="list-style-type: none"> • Heavy Duty

BSP Cleaner

Designed to be hard on metal, but kind to rubber and the environment. Vertex BSP Cleaner is manufactured from specialist de-aromatised hydrocarbons, and is much safer to use than traditional solvent cleaners. Formulated to remove oils, grease, brake fluids, tar, adhesives, dirt and moisture. Cleans and degreases effectively with a very high degree of worker comfort. Contains a low toxicity hydrocarbon as a propellant.

Suitable for:

Use on brake and clutch linings automotive parts, pre-assembly cleaning, CV joint cleaning and as a general parts cleaner. Use on most rubber, plastic and painted surfaces.

Product Code	Pack Size	Product Features
VSBSPC/C12A05L	500ml	<ul style="list-style-type: none"> • Low Toxicity • Heavy Duty
VSBSPJN/C12A05L (Jet Nozzle)	500ml	

Contact Cleaner

A plastic-safe general purpose evaporating cleaner and degreaser for use on sensitive electronic and electrical equipment. Vertex Contact Cleaner quickly penetrates into hard-to-reach areas and effectively flushes away carbon deposits, dirt, light oils, dust, lint and other contaminants. Works rapidly with complete evaporation. Vertex Contact Cleaner is a high purity formula that is chemically stable, inert non-conductive, non-corrosive and non-staining. Contains a low toxicity hydrocarbon as a propellant.

Suitable for:

Removing carbon deposits, light oils, dirt, dust, lint, fingerprints, flux, polar soils. Safe for use on most plastics.

Product Code	Pack Size	Product Features

Glass Cleaner

High performance foaming cleaner for glass and other surfaces. Ensures a crystal clear non static finish. Manufactured to the highest standards for user comfort. Streak free finish, very fast cleaning formula, non static residue helps repel dirt and dust, aggressive on grime and kind on you. Contains a low toxicity hydrocarbon as a propellant.

Suitable for:

All glass surfaces, perspex, marble, plexi glass, plastic, painted walls, chrome, tiles and vinyl.

Product Code	Pack Size	Product Features
VSGC/C12A05L	500ml	<ul style="list-style-type: none"> Low Toxicity Heavy Duty Eco Friendly

Tyre Shine

Very high performance silicon emulsion designed to shine and protect a multitude of surfaces. Contains a unique formula that provides superior long lasting shine and UV protection. Provides a rich dark shine, UV protection, long tyre life, quick and easy to apply. Gives surfaces a brand new "factory" finish. Contains a low toxicity hydrocarbon as a propellant.

Suitable for:

Tyres, rubber, plastic and vinyl, engine bays, body mouldings and Trim, mudflaps and bumpers.

Product Code	Pack Size	Product Features
VSTS/C12A05L	500ml	<ul style="list-style-type: none"> Low Toxicity Heavy Duty

Cockpit Clean

Cleans and cares for all interior surfaces. Water based, silicone-free and a very low toxicity formula that provides no health risks even with direct contact. Streak free finish, CFC free (ozone friendly), fast cleaning formula, non static residue repels dirt/dust, aggressive on grime and kind on you, leaves a shine-free, non-slip finish. Leaves a light, fresh lemongrass scent. Contains UV blocking agents. Not designed for fabric applications. Contains a low toxicity hydrocarbon as a propellant.

Suitable for:

All interior plastic surfaces, leatherette (imitation leather) and leather.

Product Code	Pack Size	Product Features
VSCPC/C12A05L	500ml	<ul style="list-style-type: none"> Low Toxicity Heavy Duty Eco Friendly

How to prepare surfaces for cleaning

When using any surface protectant or cosmetic enhancement, it is important to clean surface of any heavy contaminants. For glass it is best to use Vertex Windscreen Wash first. For tyres, we recommend Vertex Transwash Bio HD. For interiors we recommend just using a damp cloth to remove dust and contaminants. These steps will ensure your product and new vehicle finish lasts a lot longer.

Aerosol Consumables

Moto Chain Lube

Specifically designed for lubricating driving chains in all conditions and environments. Extends the life of your chain due to an adhesive lubricant formulated to adhere to all metal surfaces. Penetrates chain pins and bushings and after propellant evaporates. Contains a low toxicity hydrocarbon as a propellant

Suitable for:

On road and off road bikes. Reduces noise, wear, friction. Helps to increase chain life.

Product Code	Pack Size	Product Features
VSMOCL/C12B05L	500ml	<ul style="list-style-type: none"> Low Toxicity

Industrial Chain Lube

Covers all industrial, production and manufacturing applications including Marine, Transport, Rural, Construction and Mining areas. Contains a low toxicity hydrocarbon as a propellant. Designed specifically for use in wet or humid New Zealand environments.

Suitable for:

Exposed equipment such as open gears turntables, slide rails, moving equipment, slides, chains, cables, belts, machine slides and guides.

Product Code	Pack Size	Product Features
VSHTCL/C12A05L	500ml	<ul style="list-style-type: none"> Low Toxicity Heavy Duty

Wire Rope Lube

A special lubricant that provides additional protection to open gear and wire rope systems. Manufactured with synthetic oils, rust inhibitors and selected EP additives. Contains industrial strength tackifier and a customised thickening agent. Maintains effective lubrication at high, low and fluctuating temperatures. Effective water, dirt and dust repellent. Contains a low toxicity hydrocarbon as a propellant.

Suitable for:

Open gears rotating at low speed and high power, ring gears, racks and guide rails, wire ropes and chains, cable haulers, cranes, hoists, rail pulleys and ski-lifts.

Product Code	Pack Size	Product Features
VSWRL/C12A05L	500ml	<ul style="list-style-type: none"> Low Toxicity Heavy Duty

Multi Lube 7N1 HD

Heavy duty multi-purpose penetrating and lubricating product. Manufactured using a unique overtreat formula, to provide world class protection to all moving parts. Provides you with an aerosol version of a “multi tool”. Customised overdose formulation lubricates and restores smooth action. Safe for all metals and alloys. Contains a low toxicity hydrocarbon as a propellant.

Suitable for 7 vital functions:

Lubricates, cleans, displaces moisture, metal disassembly, metal penetration, metal protection and anti-corrosion.

Product Code	Pack Size	Product Features
VSML7N1/C12A05L	500ml	<ul style="list-style-type: none"> • Low Toxicity • Heavy Duty

Hy Chain Oil

Vertex Hy-Chain Oil is specially designed for lubricating all types of industrial lifting chains. Particularly suited to very severe conditions as well as external pollution (dust, dirt, water, etc). Very good contaminant control properties. Contains a low toxicity hydrocarbon as a propellant.

Suitable for:

Slide rails, moving equipment, slides, chains, cables, belts, conveyors, machine slides and guides requiring low tack product, applications requiring an engine oil instead of a chain lube.

Aerosol Consumables

Multi Enviro Lube

Multi-purpose penetrating and lubricating product. Part of our worksafe cleaning range that is designed for use in multi purpose applications where stringent HHSE regulations are in place. Manufactured with dearomatised solvents. Vertex Multi Enviro Lube is a penetrating and lubricating product that breaks through rust and corrosion, displaces water and cleans away scale and dirt. Lubricates and restores smooth action. Vertex Multi Enviro Lube displaces moisture out of all electrical and ignition systems and makes it possible to start wet engines. Loosens rusted parts and makes them work again. Stops annoying squeaks. Leaves a thin film that protects metals from corrosion induced by humidity and other corrosive atmospheres. Easy repair by eliminating the need for disassembly. Safe for all metals and alloys. Lubricates sticky mechanisms, ends electrical shorts due to moisture, prevents corrosion and oxidation. Penetrates quickly, even into the finest pores and cracks of the surface. Contains a low toxicity hydrocarbon as a propellant.

Suitable for:

Lubricates, cleans, displaces moisture, metal penetration/protection and anti-corrosion.

Product Code	Pack Size	Product Features
VSME/C12A05L	500ml	<ul style="list-style-type: none"> Low Toxicity Heavy Duty Eco Friendly

Multi Enviro Degreaser

Specially formulated as a foaming, water soluble degreaser. Spray on hose off. Removes oil and grease from car, truck, boat, tractor and lawnmower engines. Suitable for removing oil and grease on concrete floors. Vertex Multi Enviro Degreaser is a concentrated, aqueous cleaner developed to clean grease, oil, lubricants and other organic soils. Vertex Multi Enviro Degreaser is a Food Grade rated product that is kind on the environment and the user, but tough on cleaning. Safe for all metals and alloys. Safe on most painted surfaces, coatings, plastics and rubbers (if in doubt, test prior to use). Formulated to the highest degree of worker safety. Surpasses all industry regulations for cleaning products in a commercial environment. Contains a low toxicity hydrocarbon as a propellant.

Suitable for:

Removing grease, oil, hydraulic fluid, cutting fluid, fuel, carbon, extruding oil, lubricants, dirt and grime, ink, animal fats, smoke, metal working fluids, extruding oils, vegetable oils. Suitable for use in most food grade facilities.

Product Code	Pack Size	Product Features
VSED/C12A05L	500ml	<ul style="list-style-type: none"> Low Toxicity Heavy Duty Eco Friendly

Ground Marker

Concentrated spray containing high purity pigments with good adhesion and rapid drying. Dries fast, minimising in down time and provides very good covering ability. High-visibility enables a marking life duration of 3-6 months. High UV resistance gives long lasting results in the New Zealand climate. 1 can = approximately 100m of line on concrete, bitumen and grass. The can fits most Line Marking Trolleys. Does not contain CFCs. Contains a low toxicity hydrocarbon as a propellant.

Suitable for:

Use on concrete, dirt, grass, metal, earthworks, pipelines, buildings etc.

Custom Branding

If you have a specific product you would like matched or formulated and canned, we can help you. Whether you need touch up paint to match your fleet colours, or require top coat gloss, we can provide you a solution. Vertex produce touch up paints for some of Australasia's largest companies. This includes heavy equipment paint, automotive paint, industrial coatings.

We can also private brand any of the range you see in this catalogue. This carries Minimum Order Quantities, but we are committed to providing solutions that work for our customers.

For more information, please see your local representative.

Multi Enviro Degreaser

Specially formulated as a water soluble degreaser. Spray on, hose off. Formulated to the highest degree of worker safety. Surpasses all industry regulations for cleaning products in commercial environments and most food grade facilities. Concentrated, aqueous cleaner developed to clean grease, oil, lubricants and other organic soils.

Suitable for:

Removing grease, all oils, carbon, grime, dirt, ink, fats, smoke etc. Safe for use on most painted surfaces, coatings, plastics and rubbers.

Isoclean H / L / M

Part of our Elite chemicals range. High-purity synthetic isoparaffinic fluids are virtually odourless, making your workplace more pleasant for employees. Choose the Vertex Isoclean Range for your toughest cleaning challenges. Even those areas with complex geometry that may be difficult to clean and dry. The low surface tension ensures that it gets to areas that other fluids cannot reach. Used for parts cleaning and degreasing applications as well as solvents in inks, paints, and agrochemical formulation, these solvents come in a range of boiling points and are ideal for low-odour applications. Vertex Isoclean is a unique product that can mimic the functions of a solvent and a lubricant at the same time. Available in ISO Clean L, H or M.

Isoclean	H	L	M
Boiling Point	188°C	184°C	254°C
